1.1 Management Committee

The Management Committee is responsible for ensuring that the Association carries out its affairs in accordance with the Rules of, the provisions of the Industrial and Provident Societies Act 1980, other such relevant legislation and the direction of Scottish Housing Regulator.

The Management Committee will be elected in accordance with the Rules, and may co-opt up to 5 persons - who shall normally be shareholders - to serve on the Management Committee.

The Management Committee will comprise no fewer than 7 and not more than 15 members, exclusive of co-optees. In the event of the number falling below 7, vacancies will be filled in accordance with the Rules to allow the Committee to continue its functions. In addition, Scottish Housing Regulator may appoint a person to the Management Committee.

2.0 STANDING ORDERS

2.1 Appointment of Office Bearers

The Management Committee will appoint its own Chairperson - who will be a full member - at the first meeting following its Annual General Meeting. The Management Committee will also appoint its Secretary and any other Office Bearers at the same meeting (they will be full members). The Chairperson and other Office Bearers may be removed from office, only in conjunction with the Rules.

2.2 Level of Meetings

The Management Committee will normally meet monthly and not less than 9 times a year. Minutes of the previous meeting will be circulated in advance for consideration and approval and Minutes of the previous sub-committee meetings will be circulated in advance for ratification or recommendation.

2.3 Calling Management Committee Meetings

Meetings of the Management Committee will be called by the Secretary in conjunction with the Director. The Chairperson will set the Agenda in conjunction with the Director and will chair Management Committee meetings. In the absence of the Chairperson or his/her unwillingness to act, meetings or any parts of meetings will be chaired by a Committee member elected from those present.

2.4 Resignation of Committee Members

Any Management Committee member failing to attend, or to submit apologies to 4 consecutive Management Committee meetings will cease to be a member of the Management Committee. Any Management Committee member wishing to resign will do so in writing to the Secretary.

2.5 Quorum

Four Committee members shall be a quorum.

2.6 Role of Chair

Members of the Committee should try to address their remarks through the Chair and should try to keep their contribution as short and precise as possible.

The Chair is responsible for ensuring that the meeting runs smoothly and keeps to time. From his/her knowledge of the agenda, he/she should allocate a time against each item and ensure that this time limit is not exceeded. He/she should try to ensure that all members are invited to contribute to the discussion and that no person or group of people dominates the discussion to the exclusion of the rest of the Committee. If necessary, he/she should limit members' contributions.

If necessary, the Chair should move the meeting to a vote by asking for a motion to be proposed and seconded.

2.7 Conduct of Members at Committee Meetings

When attending Committee meetings, all Committee Members must:

- Conduct themselves in a courteous and business-like manner;
- Show respect for the authority of the chairperson of the meeting;
- Show respect and consideration towards other committee members, the Association's staff, and anyone else attending the meeting.

The Chairperson of the meeting is responsible for determining if any Committee Member is acting in a way contrary to the Standing Orders or the Code of Conduct for Committee Members. The Chairperson may provide a warning to the Committee Member(s) concerned, and request that the inappropriate behaviour ceases.

In the event of a failure to comply with such a request, or where the breach of standards, in the opinion of the Chairperson, is sufficiently serious, the Chairperson can propose that member or members in question be excluded from the remainder of the meeting.

Such a resolution, if seconded, will be voted on immediately by the remaining Committee Members who are not the subject of the resolution and shall be decided by a majority vote of the remaining Members. If the motion is carried, the Committee Member or Members concerned must then leave the meeting.

These procedures also apply to the person chairing meetings. The Chairperson has a duty to show exemplary conduct in the way they

carry out their role. If Committee Members are concerned about the conduct of the person chairing a meeting, a resolution may be made to exclude the Chair from the remainder of the meeting.

2.8 Raising Old Business

Where the Management Committee has taken a decision which is duly minuted, the topic may not be raised again at the Management Committee until a period of one year has elapsed. Any member who wishes to review a decision before the expiry of the above time limit must make the request in writing to the Secretary stating the reason for the review. The Secretary, in consultation with the Chair, shall decide on whether or not the item should be:

- Placed on the Agenda of the next meeting.
- A special meeting should be called to review the decision;
- Not be reviewed.

2.9 Confidentiality

Committee Members should be aware that all information presented to them is in confidence. While obviously decisions reached by the Committee are recorded in the Minutes, the discussion leading up to that decision and the opinions expressed are confidential. Decisions made in Committee should be supported by all the Committee. Where decisions affect third parties, no Committee Member should divulge the decision until the party involved has been formally notified.

Committee Members are requested not to raise personal complaints directly with the Committee. All complaints/queries, etc. should be directed in the first instance to the Association staff.

Committee Members who are interested parties in any discussion should declare their interest, take no part in the discussion and, if necessary, leave the meeting while the topic is being discussed. Such declarations of interest must be recorded in the Minutes.

Where a motion has been proposed and seconded and there is no counter proposal which has been duly seconded, the motion shall be moved to a vote by the Chair, and duly recorded. Amendments to the motion may be proposed, but the acceptance of any amendment is entirely at the discretion of the proposer of the motion.

If the amendment is acceptable to the proposer, it is then put to the vote before voting on the motion.

It should be noted that abstention from voting should only be in the case of direct interest by the member. Members must vote.

The Chair shall have a casting vote.

Any breach of, or question to, the Standing Orders may be raised by a Member on a Point of Order.

The Management Committee may request staff to attend meetings or to submit reports in advance. Written reports will be considered by Management Committee, only when circulated in advance or at the discretion of the full Committee.

2.10 Legal Action Taken by the Association Against a Committee Member

Where a Committee Member is also a tenant or customer (e.g. shared owner applicant etc.) of the Association then the procedures and policies of the Association apply to them in the same way as any other tenant.

Where a Staff Member has to enforce the Association's Policy against a Committee Member when the members is in breach of tenancy then the Director should be kept advised of the position to ensure that the Committee Member is neither being treated preferentially or worse because of their status.

Where a final warning has to be given to the Committee member this should contain the reference that further action would impact a Committee Membership.

If a notice requires to be served on a Committee Member, they would be expected to take leave of absence until the breach is resolved. If this course of action is taken by the Committee Member concerned then the Committee do not require to know any details of the reason for the request.
